Buckingham Nursery

BUCKINGHAM
Bucks County, Pa.

Propagation Branch - Wyncote, Pa.

Azaleas - Rhododendrons

Broadleaves

Buckingham Nursery does not guarantee the liveability of its stock but will replace any plant damaged in shipping if notified as soon as received up to value of plants so damaged.

All stock offered here is nursery grown and have been transplanted at least once, many several times to insure an excellent root system.

Plants are freshly dug and shipped by either Parcel Post or Express Collect. Smaller orders are better if shipped P. P. as we find plants in 6-8-10 in. sizes carry good. Roughly about 10% of order will cover charge of P. P.

Buckingham Nursery is located on Durham Route 413 about $\frac{1}{4}$ mile west of Route 263 at Buckingham, Pa.

No C. O. D. Orders

Visitors welcome at nursery but being mail order we are open only on weekends during blooming season. If coming a long distance it would be better to write first to make sure that we will be there.

The Rare Franklina

This is without a doubt the most exquisite flowering tree of the American garden. Blooming in the fall up to frost, The Franklin tree prefers full sun and is hardy to about New York but has been successfully grown in sheltered spots as far north as Boston. It flowers in August with its large white blooms three inches in diameter, golden centers with a balmy fragrant.

12-18 in. 1.00

Camellia Sasanqua

These hardy Camellias are handsome flowering evergreens and we believe them to be as hardy as the Kurume azaleas. They bloom in September up to freezing weather, often with snow on them.

Annett—Two tone variety of pink

1.00

Ben-Kan-Tsubaki—Double red flowers

1.25

Brilliancy—Light rose pink

1.00

Daydream—Semi-double white edged pink

.75

Hiodoshi—Crimson with white bloche

1.00

Hiryu—Crinkled petals are wine red on white

1.00

Mine-No-Yuki—Semi-double white

1.00

Rosea—Large single brilliant pink

.75

Tri-Color Magnifica—Pink, lavender,
white in one flower

.75

White Butterfly—White, edged pink

.75

Kurume Azaleas

The Kurume Azaleas are one of the most showy of all flowers of the garden. Easy to grow and well adapted for forcing or for outdoor planting. Addy Wery—Blood red. Introduced to the American gardens in 1951.

4-6 in75
Amoena—Rosey purple in dense masses	
10-12 in.	2.00
12-15 in.	3.00
Amoena Coccinea—Similar to Amoena, but color is fiery red	
4-6 in.50
6-8 in.75
Bengiri—Bright deep red	
6-8 in.75
Bridesmaid—Glowing salmon pink	
6-8 in.75
Christmas Cheer—Very brilliant red	
6-8 in.75
Coral Bell—Shell pink, dark center	
8-10 in.	1.00
Daphen—Lavendar with light center	
8-10 in.	1.00
Delicatissima—White, edged lilac	
10-12 in.	1.50
Gumpo—White with filled edges	
4-6 in.75
Hexe—Large crimson. Late blooming	
4-6 in.50
6-8 in.75
Hiawatha—Crimson carmine	
4-6 in.75
Hino-Crimson—Crimson red	
4-6 in.50
6-8 in.75
Hinodegiri—Scarlet red	
8-10 in.	1.00
10-12 in.	1.75
12-15 in.	2.50
Hinomayo—Beautiful soft pink	
12-15 in.	1.75
15-18 in.	2.50
Jersey Bell—Coral salmon	
6-8 in.75
J. T. Lovett—Salmon red, late	
6-8 in.75
Maxwelli—Large crimson red	
12-15 in.	3.50
Pink Pearl—Tinted pink flowers	
8-10 in.	1.00
10-12 in.	1.75
12-15 in.	2.50
Salmon Beauty—Salmon pink	
8-10 in.	1.00
Sachem—Brilliant deep red	
6-8 in.75
Sherwoodi—Large orchid	
12-15 in.	3.50

Snow—One of the best whites	
8-10 in.	1.00
10-12 in.	1.75
12-15 in.	2.50

Vuykiana Azaleas

A new race of large flowering azaleas from Holland. Prolific bloomers and much hardier than the Kurume Azaleas.

Beethoven—Lavender, ruffled lobes	
10-12 in.	1.50
Geraldine—Deep pink	
8-10 in.	1.00
10-12 in.	1.50
Helena—Pink light centers	
8-10 in.	1.00
Hayden—Pale lilac	
8-10 in.	1.00
Palestrina—Ivory white	
10-12 in.	1.50
Strauss—Salmon rose	
6-8 in.75

Gable Azaleas

These azaleas are a very hardy variety, large flowering and have a good color range. Many are either double or semi-double.

Billy—Single bright red	
4-6 in.50
Cameo—Double soft pink	
8-10 in.	1.00
12-15 in.	1.75
15-18 in.	2.50
Cameron—Early mulberry red	
6-8 in.75
Carol—Bright pink	
4-6 in.50
Caroline—Brilliant pink	
6-8 in.75
Charlotte—Lavender spotted red	
4-6 in.50
Chinook—Hose-in-hose flaming red	
10-12 in.	1.50
Claret—Claret red. Early	
8-10 in.	1.00
10-12 in.	1.50
Corsage—Large single orchid	
6-8 in.75
8-10 in.	1.00
Elizabeth Gable—Late rose pink	
4-6 in.75
Herbert—Dark crimson purple	
8-10 in.	1.00
LaPremire—Late double pink	
10-12 in.	1.50
La Roche—Early magenta red	
8-10 in.	1.00
Louise Gable—Double salmon pink	
8-10 in.	1.00
12-15 in.	1.75
Maryann—Double bright pink	
8-10 in.	1.00
12-15 in.	1.75

Mary Dalton—Salmon red	
8-10 in.	1.00
Miriam—Bright rose pink	
10-12 in.	1.50
Old Faithful—Single orchid pink	
8-10 in.	1.00
Rose Greeley—Hardy white	
4-6 in.75
Springtime—Very early clear pink	
10-12 in.	1.50
Royalty—Double bright purple	
6-8 in.75
8-10 in.	1.00
Susan—Late salmon pink	
8-10 in.	1.00

Glenn Dale Azaleas

The Glenn Dale Azaleas are noted for their wide color range to be had in no other azalea. They all have exceptionally large flowers, bloched, flaked and rayed with different colors. While not too hardy are well worth trying where ever they can be grown.

Acme—Pale lavender turning to rose	
4-6 in.50
Alabaster—White flaked pink	
4-6 in.50
Aphrodite—Pale rose	
8-10 in.	1.00
Buccaneer—Brilliant orange red	
6-8 in.75
Caprice—White flaked red	
4-6 in.50
Content—Pale lavender, light center	
10-12 in.	1.50
Fashion—Begonia rose	
10-12 in.	1.50
Gaiety—Late rose, darker upper lobe	
8-10 in.	1.00
10-12 in.	1.50
Glamour—Brilliant rose red	
8-10 in.	1.00
10-12 in.	1.50
Glaicer—White with faint green tone	
12-15 in.	1.75
Glamour—Coral rose, ruffled lobes	
8-10 in.	1.00
Sonata—White, rayed with purple	
8-10 in.	1.00
Stardust—White	
6-8 in.75
Treasure—White pale pink in bud	
12-15 in.	1.75

Rhodo-Lake Azaleas

Very much like the Hinodegiri in habit with flowers about twice as large.

May Glory—Crimson red	
10-12 in.	1.50
12-15 in.	1.75
Pink Progress—Clear pink	
10-12 in.	1.50
Red Progress—A very good red	
10-12 in.	1.50

Kaempferi Azaleas

The hardiest of all the evergreen types with flowers much larger than the Kurume azaleas. Most all are tall growing.

Atalanta—Large lavender, fast growing

8-10 in.	1.00
10-12 in.	1.50
12-15 in.	1.75
2 ft.	5.00

Kathleen—Rose pink

10-12 in.	1.50
----------------	------

Lakme—Clear pink

10-12 in.	1.50
----------------	------

Oberan—Soft pink

8-10 in.	1.00
10-12 in.	1.50
2 ft.	5.00

Othello—Brick red

8-10 in.	1.00
10-12 in.	1.50

Miscellaneous Azaleas

Altaclarence—Large yellow to orange

4-6 in.75
--------------	-----

Damask Rose—Large white with purple markings

2 ft.	5.00
------------	------

Ghent Hybrids—Mixed colors

1 yr.35
2 yr.50
8-10 in.	1.00
10-12 in.	1.75
2 ft.	5.00

Japonica—Hardy Mollis Mixed

8-10 in.	1.50
10-12 in.	2.00

Ledifolia alba—Large late blooming white

8-10 in.	1.00
10-12 in.	1.50
12-15 in.	2.00
2 ft.	3.75

Magnifica—White with crimson markings on upper lobe.

2 ft.	5.00
------------	------

Mollis—Mixed. Shades of orange red

4-6 in.75
15-18 in.	3.75

Mucronulatum—Early rose purple

1 yr.35
2 yr.50

Poukhanensis—Early lavender

6-8 in.75
15-18 in.	3.75

Schlippenbachi—Large pink

1 yr.35
2 yr.50

Evergreen Shrubs

Rhododendron Hybrids. These are true hybrids grown from cuttings. As many have not bloomed we must list them as mixed colors.

6-10 in. Single stem	1.00
8-10 in. branched	1.75
10-12 in. branched	2.50

Leucothea—A spreading evergreen shrub with white flowers and red stems

6-8 in.75

8-10 in. 1.00

Pieris japonica—Bright green foliage often tinged red, white flowers

6-8 in.75

10-12 in. 1.50

15-18 in. 3.00

Heather—Alaba a low growing white

Heather—Moss heather. Drawf

3 yr.75

Erica—Fren like foliage with purple shape flowers

3 yr.75

Culture—While much has been wrote about the growing of azaleas we try here briefly to give some rules that must be followed to have success. The first thing is to unpack and plant as quickly as you can on arriving from nursery. If in late spring shading for a few days will give them time to recovering from shock of moving. Generally speaking all azaleas like soil on the acid side about 6 p.h. Using about $\frac{1}{4}$ pound of Aluminum Sulper square yard will take care of this. They like full sun but will take to part shade. As they are top rooting plants mulching is a must. Peat, sawdust or leaves make a good mulch. While most will stand zero or better a wind break will help at least their first winter. Keep moist at all times but not wet. Give good drainage as they do not like to have wet feet. Never plant under large trees or where there is a drip from roof as this will rot buds and burn foliage. Feed once a year doing this in May. Any good fertilized prepared for acid loving plants will do.

“Mums”

We are listing here some of prize Mums of the year. These are divisions well rooted and true to name. They will be ready for shipment about May.

Apache—Orient red to dark brilliant firecracker red. Quilled petals

Autumn Beauty—A new brilliant sparkling reddish chestnut

Cecil Reed—Full double deep lavender pink

Courageous—Shining ruby red, double

Crown Jewel—A large current red shading to old old rose

Early Crimson—A crimped petaled crimson red

Holiday—Bronze gold flowers with pure bronze centers

Jayeff—Full double flowers of positive pink

Pink Princess—Dainty baby pink buttons

Pumpkin Spoon—Persimmon orange aging to yellow

Royal Robe—Beet root purple flower with bluish sheen
